

Invitation

Nordic Eye Meeting in Copenhagen, Denmark 23 – 24 September 2017. Pre-congress to WSAWA Congress 25 – 28 September 2017.

Dear Colleagues!

On behalf of the Danish Society of Veterinary Ophthalmology, DSVO it is a pleasure to invite you to the Nordic Eye Meeting 2017.

Topic of this year's meeting is "Anterior Segment" and we are happy to announce that we are lucky to have the two well-reputed and renowned lecturers Drs. Ellison Bentley and Elizabeth A. Giuliano. Both are Diplomates of the American College of Veterinary Ophthalmologists and are highly experienced in their field of veterinary ophthalmology.

Venue is the Bella Center Copenhagen, which also is the setting for the WSAWA Congress the following days.

It is important to notice that 25 September, the first day of the WSAWA Congress, there is a full-time programme of veterinary ophthalmology. Lecturers are Drs. Elizabeth A. Giuliano, DACVO and Ann Strom, DACVO.

You will find the ophthalmic programme for 25 September attached to the programme for the Nordic Eye Meeting. So here you have an opportunity to make it "three in a row." Please notice that participation in NEM and WSAWA requires separate registrations.

Saturday afternoon there will be dinner in a spectacular setting at "The Blue Planet" – the National Aquarium Denmark.

Due to reservations of hotel rooms and social activities the registration deadline is 1/8-2017

Early bird before 30/5-2017

Registration from 30/5-2017 till the 1/8-2017 is possible with an extra fee at 70 euro.

We are looking forward to seeing you!

On behalf of DSVO a cordial welcome to NEM 2017 in Copenhagen!

Chairman

Tommy Hardon
